

Just wanted to reach out to you again as we've had really good luck with WWU grads interested in physical therapy in the past who want to get a little experience in the field before applying to PT school. We have several clinics looking for full-time positions to fill throughout the Seattle area, including my own clinic here in Lynnwood. Would you mind passing on the message to your upcoming new graduates?

Here's the link to my open position:

And here is a list of the other available opportunities within our company:
