

DON'T BE A "GRAMMAR SNOB"

"Proper" grammar is a social construct.

Next time you're about to correct someone's grammar, consider your privilege.

'Speak good English'

'No excuses!'

'Actually...'

'I think you meant...'

CLASS PRIVILEGE

This is closely related to educational privilege. People from working class backgrounds are less likely to be able to afford higher education. Critiquing their English is judging their lack of opportunities that upper class people have.
