Western Washington University
Department of Communication Sciences and Disorders
2022-2024 Undergraduate Lock-Step Program in Communication Sciences and Disorders

The Communication Sciences and Disorders Department offers undergraduate coursework for students who intend to pursue a major in Communication Sciences and Disorders (CSD) in preparation for a graduate degree in speech-language pathology or audiology. Students wishing to declare a major in Communication Sciences and Disorders must have: 1) completed at least 75 credits; 2) successfully completed or be currently enrolled in CSD 251; and 3) achieved a Western GPA (based on at least 12 credits) of 2.70 or higher. A grade of at least B- (2.70) in each of the core courses (CSD 251, 352, and 356) may substitute for the overall 2.70 GPA. A minor of 24 credits or more is required in addition to completing all CSD major coursework (students may substitute a second major in place of the required minor). A self-designed minor is acceptable, with prior approval of the advisor.

CSD MAJOR TOTAL CREDIT HOURS (MINIMUM) FOR A B.A. DEGREE = 58-59

* Required Courses
E Elective Course (choose 2 of 3)

A. Note regarding ASHA certification requirements: Speech-language pathologists and audiologists are certified by the American Speech-Language-Hearing Association (ASHA). Students must complete at least one course in each of the following areas in order to meet certification requirements: 1) biological sciences, 2) social/behavioral sciences, 3) physics or chemistry, and 4) statistics. Not a major requirement.

B. Note regarding Clinical Observations: Not a major requirement. However, all students must observe a minimum of 25 hours of diagnosis and/or treatment prior to participating in clinical practicum (speech, audiology, and aural rehabilitation) in graduate school.

C. Writing Proficiency Courses: Majors in CSD meet WWU writing proficiency requirements by completing CSD 361, CSD 463 & 457.

D. Not everyone is suited to work with clients in the clinical fields of speech-language pathology and audiology even though s/he may maintain a satisfactory academic record. The Faculty and Staff of the Department of Communication Sciences and Disorders reserve the right to counsel students with this in mind and to recommend a change of academic focus for any student who appears to have personality traits that would prevent him/her from being successful in the discipline.

**Western Washington University**  
Department of Communication Sciences and Disorders

### CSD Major

#### FALL (Junior year 2022)
- CSD 251  Introduction to Communication Disorders  
  *(may be taken fall, spring, or summer of sophomore year)*  
  3 credits  
- CSD 352  Anatomy and Physiology of the Speech Mechanism  
  5 credits  
- CSD 356  Phonetics and Phonology  
  4 credits  

**Total = 9 to 12 credits**

#### WINTER (Junior year 2023)
- CSD 354  Speech and Language Development in Children  
  4 credits  
- CSD 371  Hearing Science  
  3 credits  
- CSD 372  Anat, Phys & Disorders Hear and Balance  
  4 credits  
- LIBR 403  Library Research Tutorial  
  1 credit

**Total = 12 credits**

#### SPRING (Junior year 2023)
- CSD 353  Speech Science  
  5 credits  
- CSD 361  Developmental Language Disorders – WP1  
  5 credits  
- CSD 462  Audiometric Testing  
  4 credits  

**Total = 10 to 14 credits**

#### FALL (Senior year 2023)
- CSD 463  Aural Rehabilitation *(or summer** of junior year) – WP1  
  4 credits  

**Total = 4 credits**

#### WINTER (Senior year 2024)
- CSD 457  Clinical Processes – WP1  
  5 credits  
- CSD 450  Neuroanatomy for Speech Path & Audiology  
  4 credits  

**Total = 9 credits**

#### SPRING (Senior year 2024)
- CSD 440#  Augmentative and Alternative Communication for CSD  
  3 credits  
- CSD 453#  Introduction to Speech Disorders  
  4 credits  
- CSD 470#  Acq Disorders Lang and Cog in Adults  
  4 credits  

**Total = 7 to 11 credits**

**Summer curriculum offerings are subject to change**
