Volunteers Needed!!!

Volunteers are needed for the Adapted Aquatics program at Arne Hanna Aquatic Center! This is an educational, hands-on experience where volunteers work collaboratively with individuals with cognitive or physical disabilities. As a volunteer, you will help participants meet their swimming, flexibility, relaxation, exercise, and self esteem goals in a supportive environment. Upon signing up, volunteers are responsible for attending one training session and at least one volunteer session per week for eight weeks. Volunteers will receive 1.25 hours of documented volunteer credit each session (10 hours total with minimum requirement). These hours can be applied towards volunteer requirements for classes or graduate school programs.

Registration is open! Call or email the Program Coordinator today!
