SPANISH LANGUAGE PLACEMENT GUIDELINES

• We determine your placement based on your score in our Spanish placement test. Any student who has taken Spanish prior to coming to Western as well as students who, without having taken formal Spanish classes, have experience with the language, either because Spanish is the language spoken at home, or because they have traveled or lived in Spanish-speaking countries, should take the exam. As soon as you’ve taken the placement test, you’ll have your results and will know which Spanish course to enroll in. Those students who have no experience with Spanish do not need to take the exam and should enroll in SPAN 101, only offered in the fall.

REGISTRATION OVERRIDES

For registration overrides for courses above SPAN 301, please contact the instructor of record.

*Please contact the Spanish language advisor or the MCL office at 360-650-3918 with additional questions.
