

My name is Stephanie Zukowski, I am the internship coordinator at the Breckenridge Outdoor Education Center (BOEC) located in beautiful Breckenridge, CO. I am reaching out to you to try to connect with future students looking for internships. Since 1976, Breckenridge Outdoor Education Center (BOEC) has provided life changing outdoor learning experiences to people of all abilities, providing a sense of freedom to those who are routinely excluded from outdoor activity due to a disability or special need. Whether adaptive skiing in the Adaptive Ski and Snowboard Program at Breckenridge or Keystone Ski Resorts, paddling the West's great rivers, or mastering the high ropes course, BOEC inspires people of all abilities to discover new places, learn new skills and rekindle their spirit in the heart of the Colorado Rocky Mountains.

There are two internship terms; summer and winter. Both internships include a three-week-long immersive training period and hands-on experience in all aspects of programming. Compensation includes; full room and board, a monthly stipend as well as seasonally applicable benefits. This internship has been utilized for academic fulfillment and for those looking for a way to grow professionally outside of academia.

I am now hiring for the 2023/2024 Winter internship season and would love to chat more about the logistics of our programs if you are interested.

I look forward to hearing from you.

Best,
Stephanie
