

Our 3 Skagit clinics (30 min. commute) are currently hiring PT techs if you would like to send this out to any of your kinesiology students. With staffing shortages hitting many businesses, we are in the same boat and can often work around student schedules to afford some flexibility while also getting some clinical experience. You can give them my email address and I can forward to our Clinic Directors that are currently hiring.

Megan C. Douglas, PT, DPT, MTC, OCS
